LIBRARY TRUSTEES HOLD MEETING AND OLAA ADVANCES

Want Opinions On Best Stock Market Is Active Available Site For Structure With All Prices Firm

Trustees of the Library of Hawaii met last evening in the University Club with the committee from the Historical Society and the Honolulu Library Association. After much discussion it was decided that what is most wanted at the present time is public opinion on the site of the proposed library.

Much of this public opinion has already been canvassed by the Bulletin representative and is given in another column. If there are others, the library workers would like to have the people reduce their thoughts to writing, state the reasons for their conclusions, and if any site other than those suggested is thought of, will the proposer of it go fully into the details of how it may be acquired, the cost and the complete information that is of course needed in order that the committee may act advisedly.

The trustees of the Library of Hawaii organized last evening with Judge Wm. L. Whitney as president, Walter P. Dillingham as treasurer and W. H. Babbitt secretary.

Site Committee—P. L. Weaver, J. H. Fisher and W. H. Babbitt.

Building Committee—A. Lewis, W. A. Bryan, W. P. Dillingham.

The sites considered by the members present last evening were the Gore lot, Methodist church lot, Bungalow lot, Thomas Square, Bishop Estate lot opposite the Bungalow on Richards street.

No conclusion was reached on the subject and the committee wishes it distinctly understood that nothing definite has been decided but the preference shown by a preliminary canvass of those present showed that the Bungalow lot, and the Bishop Estate lot opposite on Richards street had the lead.

The trustees request that all persons having suggestions on the site submit their recommendations to the secretary on or before February 15.

The construction and architecture of the building were discussed in a general way, but no conclusions were reached nor can there be until more is known of just what will be needed.

FINANCE COMMITTEE HAS BEEN APPOINTED

AS CIRCUIT JUDGE

J. R. Galt, chairman of the finance committee of the Floral Parade, has just appointed the following named gentlemen to serve with him as a finance committee: F. W. Macfarlane, John Waterhouse, A. N. Campbell, C. H. Atherton.

It is proposed to raise a sum of \$2500 for the purpose of buying bunting with which to decorate the streets and triumphal arches, the erecting of judges' stands; to pay the expenses of the Pan riders and expenses incurred by the inter-island princesses, etc.

The Princess of Oahu will be impersonated by Miss Wattle Holt of this city. She is a splendid horsewoman and never fails to attract attention. Miss Holt was extremely popular at the Seattle exposition, whether she went to act as one of the hostesses of the Hawaii building. The Hilo Board of Trade will in all probability consider the matter of choosing an island Princess to represent the big island of the group. Maui is not to be backward in this respect as she will be represented by one of her fair daughters, as also will Molokai. Kauai has not been heard from as yet, but it is expected that the Garden Island will be represented in the parade of island princesses.

Sugar stocks turned some high and lofty activity this forenoon and the only question now is whether the buyers will lose their nerve on the news that sugar has dropped to an even four cents.

Olaa joined the advance yesterday afternoon and this morning, selling at 7 in blocks ranging from ten shares to two hundred.

McBryde, on the other hand, after the flurry of the last two days, became weak at 8 and sold at 7.75, with 7.50 quoted as bid on the Exchange.

Pioneer finally came out at the anticipated high figure, 260 shares changing hands at 210, the last previous sale being at 200. The stock is now held at 215. Waiatua has advanced to 126.50. Panahau has reached 30. Ewa is firm at 34.50, Hawaiian Commercial at 35.50, Oahu at 35.50 and Hutchinson at 18.50.

Purchases generally have been made on the prospect of an average of four cents for sugar this season.

BURGLARS ARE GETTING BUSY

Frequent complaints are now being heard concerning petty as well as serious burglaries, alleged to have been committed within the past few weeks.

The home of E. A. Jacobson, the assistant chief inspector at the customs house, was visited by a prowler the other night but the intruder was scared away from the premises without having made off with anything of value.

Notte's Cafe, on lower Fort Street, is reported to have been the recipient of a nocturnal call from the busy gang of burglarious gentlemen who are alleged to be infesting Honolulu. In this instance the cafe is said to have been broken into by the forcing of the door. Nothing of value was secured, presumably because the thieves had become frightened by a passer-by.

The police are quietly working upon several cases with hope of success in landing guilty vandals.

"The judge who has notified me he will resign in February" is being taken in some quarters to mean Chief Justice Hartwell, although on the face it appears that Arthur Wilder was the Governor's mind when he made the statement.

Hartwell has been in active communication with the Governor since the announcement of De Bolt's appointment and while there is a report to the effect that Hartwell has already asked the Governor to accept his resignation, the general opinion seems to be that the Chief Justice will not embarrass the Governor by resigning at once.

THE ALAMEDA is reported to have arrived at San Francisco at 5 o'clock last evening, according to cables received here. The steamer sailed from Honolulu on January 12.

WATERFRONT NOTES

THE TOYO KISEN KAISHA liner Nippon Maru, with passengers and general cargo destined for Japanese ports and Hongkong, is reported to have sailed from San Francisco at 2 o'clock yesterday afternoon. The vessel is expected to arrive here on January 24 and will be given a prompt dispatch to the Orient, through the agency of H. Hackfeld & Co.

A CABLE received here announces the departure of the American-Hawaiian freighter Alaska from Salina Cruz, with New York cargo, via Tehuantepec, for San Francisco. The Alaska has just discharged a large shipment of Hawaiian sugar at the Isthmus port.

THE AMERICAN barkentine Kalulani, which left Honolulu on December 30 with a shipment of sugar destined for San Francisco, is reported by cable as having arrived at the California port yesterday.

CAPTAIN KELLY, master of the American bark Andrew Welch, expects to get away for San Francisco tomorrow. The bark has been taking in sugar at the railway wharf, and while not taking anything like a full cargo, will leave here with about eight hundred tons of raw sugar. The vessel may take several passengers for the Coast, Captain Kelly being a popular and genial skipper with whom to travel.
